

Notice of 2027 Schedules for the Steamship Authority

The Steamship Authority is seeking public comment on its proposed 2027 Operating Schedules.

WOODS HOLE / MARTHA'S VINEYARD

The proposed 2027 operating schedules from January 6, 2027, to January 7, 2028, would start one (1) day later and end one (1) day later than the 2026 schedule for the Martha's Vineyard route. Other than the summer schedule, which would see an increase in the number of vessels running, the 2027 Martha's Vineyard operating schedule would be essentially the same as 2026, with the exception of the assigned vessels and the start and end dates of the schedules.

The proposed operating schedules from January 6 to March 30, 2027, would start one (1) day later and end one (1) day later than in 2026. The schedule would see no changes to the trip times, quantity of trips, or vessel crewing during this schedule. The *MV Martha's Vineyard* and *MV Aquinnah* would each be triple-crewed and operate up to seven (7) round trips a day. The *MV Nantucket* will run January 6-February 22, 2027, and the *MV Island Home* will then run February 23-March 30, 2027; in both cases, the vessel would be triple-crewed and operate up to seven (7) round trips per day.
